

Telematics Course

(Winter Semester 2003/04)

FAQs about the Final Exam, etc.

Telematics group
University of Göttingen, Germany

Q&As

- When is the final exam for WS03/04?
 - It will take place on March 1, 2004, from 10:00am-11:30am
- How difficult will it be?
 - It depends. If you're well-prepared, **you should be able to finish all the questions.** However, it is possible you may only complete part of the questions in the 90-minute exam.
 - **Although not finishing all questions is not necessarily regarded as failure, please try to prepare well before the exam, and answer the questions as much as possible.**
- How should I prepare for it, then?
 - First, **review the fundamental principles and key methodologies** taught in the lecture.
 - **Try to complete the homework at your own effort.** Refer the homework in the slides and previous excersises in WS02/03. If you have any question, please feel free to ask me.
- When should I register for it?
 - If you study a bachelor's program – go to Munopag website & register online
 - If you do not have a Munopag entry, please send an email to Munopag: krull@cs.uni-goettingen.de
 - The deadline is **02.02.2004**, the last lecture
- What if I do not pass, or a special reason disallow me to join the exam this time?
 - By the end of the upcoming semester (SS04), there will be a **makeup exam** for Telematics course, although no lectures are arranged. Please keep tuned.
 - If you fail or fail to participate in this makeup exam, you'll get another chance in the following semester (WS04/05). However, it will be based on the **content taught in WS04/05.**

Important Notice!

- For bachelor students who want to study for a Master program:
 - if you are able to complete all your required credits before middle of April, please note the deadline for application is 15.01.04!
- Presentations of Mr. Hannes Tschofenig (Siemens):
